## Frequently Asked Questions

Who can use this service?

Any established beneficiary who is a registered patient at our clinic can use this service.

How do I get started?

Getting started with Secure Messaging is easy! Just give your email addresss to our staff.

Is my privacy protected?

Secure Messaging uses RelayHealth, which is a completely secure and HIPAA-compliant portal. Encryption technology and a stringent privacy policy protect your personal information more securely than either the telephone or regular e-mail. Your information is only accessible by you and your health care team.
