

Internal Medicine

 Version 1.0

 Scope

C **P385152:** The scope of privileges in Internal Medicine includes the evaluation, diagnosis, treatment, and provision of consultation to patients with common and complex illnesses, diseases, and functional disorders in the areas of Allergy & Immunology, Cardiology, Dermatology, Endocrinology, Gastroenterology, Hematology/Oncology, Infectious Disease, Nephrology, Neurology, Pulmonary Disease and Rheumatology. The physician may admit and may provide care to patients in the intensive care setting in accordance with MTF policies. Internal Medicine physicians assess, stabilize, and determine disposition of patients with emergent conditions in accordance with medical staff policy.

 Diagnosis and Management (D&M):

C **P388337:** Mechanical ventilatory management (invasive and noninvasive)

C **P388341:** Pulmonary function testing and interpretation

C **P388343:** Interpret holter monitor/event monitor

C **P388347:** Perform exercise portion of radioisotope cardiac perfusion imaging tests

P388349: Perform pharmacologic stress portion of radioisotope cardiac perfusion imaging tests

C **P388351:** Basic synovial fluid analysis

C **P388353:** Central venous pressure monitoring

C **P388345:** Cardiac stress test

C **P384774:** Electrocardiogram (EKG) interpretation

 D&M Advanced Privileges (Requires Additional Training):

P385150: Wright's stain (Tzanck test)

 Procedures:

C **P388355:** Arterial cannula placement

P388357: Flexible Sigmoidoscopy with and without biopsy

C **P388359:** Lumbar puncture

C **P385198:** Tube thoracostomy

C **P387759:** Incision and drainage of cysts and minor abscesses

C **P388361:** Superficial needle aspiration

C **P388364:** Thoracentesis

C **P388366:** Abdominal paracentesis

P385208: Cardioversion, elective

P388368: Bronchoprovocation challenge

P388370: Endotracheal intubation

P388372: Intraosseous catheter / trocar insertion

P388376: Complete / partial nail removal with or without destruction of nail matrix

P388378: Management of continuous subcutaneous insulin infusion via insulin pump

C **P388380:** Arthrocentesis

C **P388382:** Joint injection

C **P388384:** Soft tissue injections

C **P388387:** Cryosurgical removal of skin lesions

C **P388389:** Laceration repair

P385194: Bone marrow aspiration / biopsy

P385779: Focused Assessment with Sonography for Trauma (FAST) exam

C **P390707:** Central venous catheter insertion

 Skin Biopsies:

C **P388391:** Punch biopsy

C **P388393:** Shave biopsy

P388395: Excisional biopsy

P388397: Incisional biopsy

P388399: Needle biopsy

-  **Anesthesia Procedures:**
 -  **P387317:** Topical and local infiltration anesthesia
 -  **P388401:** Peripheral nerve block anesthesia (to include digital block)
-  **Procedure Advanced Privileges (Requires Additional Training):**
 -  **P385158:** Pericardiocentesis
 -  **P388406:** Moderate sedation
 -  **P388409:** Echocardiographic interpretation 2-D
 -  **P388411:** Suprapubic bladder aspiration
 -  **P388413:** Temporary transvenous pacemaker insertion
 -  **P388415:** Acupuncture in accordance with Service policy
 -  **P390328:** Pulmonary artery catheter insertion and interpretation
-  **Allergy Extender**
 -  **P388417:** Supervise and/or perform aeroallergen skin prick testing (NOT intradermal)
 -  **P388419:** Supervise and/or administer immunotherapy (allergy shots) for aeroallergen and venom patients
-  **Other (Facility- and provider-specific privileges only):**
