

 **Neonatology**
  Version 1.0

  Providers requesting privileges in this specialty will also request privileges in Pediatrics in accordance with individual provider competencies and mission requirement.

  Scope

 **P387377:** The scope of privileges in Neonatology and Perinatology includes the evaluation, diagnosis, treatment and consultation for term, preterm, and critically ill newborns and infants. Neonatologist manage patients requiring ventilatory care, neurological, postneurosurgical, postsurgical, or postcardiac/thoracic surgical care for organ dysfunction, patients with issues due to prematurity, and/or who are in need of critical care for life-threatening disorders. Physicians may admit to the facility and may provide care to patients in the intensive care setting in accordance with medical staff policies. In addition, privileges also include the ability to assess, stabilize, and determine the disposition of patients with emergent conditions in accordance with medical staff policy.

  Diagnosis and Management (D&M):

 **P390302:** High frequency ventilation

 **P387263:** Neonatal and pediatric interfacility transport

 **P390328:** Pulmonary artery catheter insertion and interpretation

  Procedures:

 **P391447:** Echocardiography (screening echocardiogram)

 **P387387:** Nitrous oxide administration

 **P387389:** Extracorporeal membrane oxygenation (ECMO)

 **P387393:** Emergency bedside ultrasound/echocardiography

 **P391449:** Screening ultrasound (bedside screening ultrasonography, e.g., cranial, abdominal, procedure guidance)

 **P388359:** Lumbar puncture

 **P390487:** Umbilical artery catheter and umbilical vein catheter line insertion

 **P391454:** Partial exchange transfusion

 **P391456:** Double volume exchange transfusion

 **P388364:** Thoracentesis

 **P385198:** Tube thoracostomy

 **P388411:** Suprapubic bladder aspiration

 **P391461:** Percutaneous indwelling arterial line

 **P385158:** Pericardiocentesis

 **P388481:** Paracentesis

 **P390724:** Exogenous surfactant administration

 **P391465:** Venous cutdown

 **P391467:** Peripheral arterial cutdown

 **P391469:** Conventional mechanical ventilation

 **P388370:** Endotracheal intubation

 **P391472:** Emergency tracheostomy

 **P391474:** Intra-umbilical vessel cutdown

 **P391476:** Therapeutic hypothermia

 **P391478:** Non-invasive respiratory support (e.g., CPAP, HHFNC, NIPPV)

 **P390332:** Deep sedation

  Other (Facility- or provider-specific privileges only):
