

[-]  Podiatry

[-]  Version 1.0

[-]  Scope

 **P383681:** The scope of privileges in podiatry includes prevention, evaluation, diagnosis, treatment, education, and consultation to patients of all ages™ with disorders, diseases and injuries of the foot and ankle. Podiatrists provide medical and surgical care for a wide variety of foot, and ankle conditions, including complex disorders and injuries, trauma, and congenital abnormalities. They are also qualified to detect the early stages of systemic diseases that exhibit warning signs in the lower extremities, as well as other foot conditions that can threaten a patient™s overall health. Podiatrists may perform full pre-operative histories and physical exams and may admit to the facility in accordance with MTF policy.

[-]  Diagnosis and Management (D&M):

 **P383683:** Prescribe shoe modifications and special footwear

 **P383685:** Prescribe / dispense foot / ankle braces, splints, orthotics

[-]  Procedures

[-]  General Procedures of the Foot and Ankle

 **P383687:** Injection of corticosteroid medications

 **P383689:** Biopsy or excision of skin, soft tissue and tumors

 **P383691:** Treatment/removal of skin lesions via excision, cryosurgery, electrosurgery and/or CO2 laser

 **P383693:** Skin grafts: split, full thickness and / or synthetic materials with or without flaps

 **P383695:** Scar / keloid revision

 **P383697:** Nerve exploration, release and/or excision

 **P383699:** Release and / or excision of muscle, tendon, fascia, ligament, nerve, and bone / ossicles

 **P383703:** Procedures to correct congenital deformities

 **P383709:** Arthroscopic synovectomy and chondroplasty

 **P383714:** Arthroplasties

 **P383718:** Bone biopsy

 **P383722:** Bone lengthening procedures

 **P383724:** Excision of bone tissue / tumors

 **P383726:** Drainage of osteomyelitis and septic joints

 **P383728:** Acute treatment of thermal, electrical and chemical burns

 **P383730:** Acute treatment of skin and deep ulcers.

 **P383732:** Stabilizing procedures of tendon, bone, or joint by internal or external devices

 **P383734:** Hardware removal

 **P390493:** Incision and drainage of infections, abscesses and hematomas

 **P388380:** Arthrocentesis

 **P389307:** Arthroscopy

 **P389309:** Arthrodesis

 **P389311:** Arthotomy

 **P384298:** Bone grafts

 **P389339:** Prosthetic replacement of bone and joints

[-]  Foot

 **P383740:** Osteotomy - forefoot

 **P383742:** Osteotomy - foot, any level other than forefoot

 **P383744:** Debridement of nails, corns, and calluses

 **P383746:** Achilles tendon repair

 **P383748:** Tendon grafting

 **P383750:** Tendon repair, lengthening, shortening, and transposition

 **P383752:** Amputation - foot, any level

 **P383754:** Fasciectomy and / or fasciotomy of foot

 **P383756:** Fasciectomy of the leg

 **P383762:** Tarsal tunnel release

 **P383764:** Ligament repair and reconstruction of foot

-  **P383766:** Open reduction and internal fixation (ORIF) - foot fractures
-  **P383768:** Closed reduction - foot fractures
-  **P383215:** Surgery of the nail unit
-  **P383854:** Phalangization or digit transposition
-  **P383852:** Syndactyly and polydactyly procedures
-  Ankle
 -  **P383770:** Ligament and tendon repair and reconstruction of ankle.
 -  **P383772:** Chondral and osteochondral transplantation.
 -  **P383774:** Osteotomy - ankle, supramalleolar.
 -  **P383776:** ORIF - ankle fractures.
 -  **P383778:** Closed reduction - ankle fractures.
-  Anesthesia privileges
 -  **P387317:** Topical and local infiltration anesthesia
 -  **P387323:** Peripheral nerve block anesthesia
 -  **P388406:** Moderate sedation
 -  **P387333:** Regional nerve block anesthesia
-  Other (Facility- or provider-specific privileges only):
